PTS/SP Checksheet

## PTS DATA

Based on a recent pilot it has become quite obvious that a full and complete PTS handling would consist of:

- A. PTSness handled terminatedly by interview or auditing by a person trained on BPL 31 May 71RF.
- B. Complete study and pass on the PTS/SP Checksheet, BPL 31 May 71RF Revised 4 Mar 77.

The correctly located suppressive, who is then handled based on a thorough understanding of the mechanics of PTS/SP phenomena form the simplicity that is PTS tech. The tech of locating the suppressive source is also fully covered in the PTS/SP Checksheet and is a vital prerequisite for PTS handlers.
